

United Psychological SERVICES

Insurance Coverage & Responsibility

Dear Patient,

As a courtesy to you, we check your mental health insurance benefits. Unfortunately, misquotes do occur and you may be liable for any difference in quotes.

To eliminate these misquotes it is highly recommended that you also contact your insurance company to confirm the benefits discussed in the free consultation.

Please feel free to contact us at any time regarding your insurance, or if you have any questions or concerns.

Thank you,
United Psychological Services
